Charter operations

In addition to scheduled services, CityJet runs a busy charter schedule operating on both RJ85 and Fokker 50 aircraft types.

These flights operate on weekdays and weekends and cater for a diverse range of customers from corporate to sporting organisations.

CityJet is renowned for providing convenient, hassle-free travel, combined with award-winning service on high-frequency routes in Ireland, the UK and Europe. Its extensive network offers a multitude of choices for business and leisure travellers, with a host of convenient timings. At London City Airport, the closest airport to central London, passengers can check in just 15 minutes prior to departure. Once on board, passengers can enjoy complimentary beverages and snacks.
