

CATEGORY A/B1/B2 LICENSED ENGINEERS

WITH YOUR HELP WE CAN FLY EVEN HIGHER

CityJet are currently seeking a number of EASA Part 66 Category A1/B1.1/B2 Licensed Aircraft Engineers to work on our new Sukhoi Superjet aircraft. You will need to be type rated with proven recency on new generation wide or narrow body commercial jet aircraft (eg Airbus A3xx, Boeing 7x7, Embraer E-Jet series or similar). Based in Dublin with possible transfer required to other out-stations in mainland Europe. Interested candidates should apply with the following documents:

1. Copy of EASA Part 66 Category A/B1/B2 licence
 2. Proof of recency on type
 3. Current HF, EWIS and FTS certs
- Any additional continuation training certificates

To apply for this position or to find out more please email your C.V or contact Karen McDermott at Karen.McDermott@cityjet.com
